About PTC ASIA

Adhering to HANNOVER MESSE principal of Technology, Innovation & Service, PTC ASIA was established in China in 1991 as a leading industry exhibition in power transmission and control technologies. After 15 editions of successful performance, the yearly growth in both exhibitor numbers and show space has proved PTC ASIA the key platform for basic parts trading of Asian markets.

At a time of economic globalization, in which China’s booming demands in industry import and export have already become strong impetus, global purchasing is also taking the high road to more efficient trading. PTC ASIA is what you CANNOT afford to miss!

About Industry Market

- Growth in manufacturing of automobile, engineering machinery, construction machinery has driven a high rise in basic components production.
- Material distribution and parts purchasing have further developed on a base of global network.
- For 2010, the gross value of China’s industrial output rose over 30% year on year, including the key machinery sectors such as engineering, agriculture, machine tool, automobile, basic components, internal combustion engines.
- For 2011, the rapid growth drive in machinery manufacturing will push forward a continuous market rise in the components sector, including hydraulic, pneumatic, sealing, gear, fastener, spring, chain, powder metallurgy and coupling.
- For 2011, China’s export in basic components would be promoted to about RMB58 billion, 28% up by 2010.
Welcome to Join PTC ASIA 2011!

In 2010, 1,249 exhibitors, 69,000 square meters display area, 42,933 visitors from over 81 countries and regions, once again confirmed PTC ASIA as a strong trading driver.

In 2011, with more topics, more innovations, over 1,400 exhibitors, 80,000 square meters of display area as well as 60,000 professional visitors and buyers are expected. Meanwhile, there will be international pavilions from German, Italy, US, UK, France, Spain, Korea, China Taiwan and else. PTC ASIA 2011 registration starts, get your privileged stands RIGHT NOW!

High Expertise in PTC Products Showcase
Effective Way in Business Value Presentation

Product Categories

**FLUID POWER**
- Hydraulics
- Pneumatics
- Sealing technology

**MECHANICAL POWER TRANSMISSION, PARTS AND EQUIPMENT**
- Gears
- Chain transmission
- Belt transmission
- Fasteners
- Couplings & brakes
- Springs
- Powder metallurgy
- Related special manufacturing equipment and instruments
- Related materials and components

**BEARINGS**
- Bearings
- Related equipment & accessories
- Related components

**LINEAR MOTION SYSTEMS**
- Linear guides
- Linear motion drive elements/drive systems
- Linear motion systems

**ELECTRICAL POWER TRANSMISSION**
- Industrial motors
- Servomotors
- Frequency converters
- Electric drives
- Electromagnetic equipment

**COMPRESSED AIR TECHNOLOGY**
- Compressors for compressed air production
- Compressor accessories and components
- Vacuum technology

**INTERNAL COMBUSTION ENGINES AND SMALL GAS TURBINES**
- Internal combustion engines
- Parts and accessories
- R&D, processing and measuring instruments

**Concurrent Topics**
- International Exhibition for Fastener & Spring (F&S) 2011
- International Exhibition for Compressed Air Technology 2011
- International Exhibition for Mechanical Transmission, Parts and Equipment (MTPE) 2011
- Special Exhibition Area for Bearing and Related Equipments & Accessories
- Special Exhibition Area for Gear Manufacture Equipments
Voices of 2010 Exhibitors

Mr. Ferdinando GUELI, Deputy Representative, Shanghai Office
ITALIAN TRADE COMMISSION

Italy is the world’s 5th and Europe 2nd largest exporting county to China, and machinery takes part about 60% among all exported products. The medium-sized small Italian companies are focusing more and more in China market and have won lots of Chinese customers. Here at PTC ASIA 2010 again, we are looking forward to meeting more new clients. We met many new visitors and buyers from China, very impressive about their purchasing power. It is a fruitful event for us.

Richard WINTERSTELLER, Marketing Manager
SKF SEALING SOLUTIONS

SKF Sealing Solutions is already participating the 5th time at the PTC show. We see it as a best event for Asia/Pacific and especially the local Chinese market. The PTC show develops each time to a biggest event and becomes more international. For us, it is a great opportunity to promote into this market.

Zhou Shaodong, Regional Sales Director
HARDINGE CHINA LIMITED

Glad to be part of this year’s PTC ASIA! This time Hardinge promotes the grinding machine tool, hard turning machine and processing center as highlights. Hydraulic is a focus area of our company development. With positive feedbacks from onsite visitors, we are quite confident of our market in China. Meanwhile, the organizer has been done great work in pre-show service and onsite visitor promotion too.

Enea COLOMBO, General Manager
SOFIMA HYDRAULIC FILTERS (SHANGHAI) CO., LTD.

Currently Sofima covers about 80% of China’s engineering machinery market. To be more aggressive, we choose PTC ASIA, the ideal marketing platform, to get more acknowledged by industry. We all know that this show is well known among visitors and buyers from across the globe. Close contact with them would surely be important to our company business and image too. The visitors and onsite organization are satisfying to us.

LU Yangming, Vice President
NORD (CHINA) POWER TRANSMISSION CO., LTD.

We take our latest SK converters and industrial gear boxes to this year’s PTC ASIA. NORD is very confident in China mainland market and would like to achieve more in the next 5 years. PTC ASIA is a great platform for us to better promote our products and services. As a must-attend event in industry, there are always surprises for us. The visitors and buyers, high quality, we are glad being here again.

Visitors List (Part)

For further information, please contact...
For 2011, visitor promotion would cover, but not limited to, the following areas:

- Machine tool, engineering machinery, auto manufacturing, petrochemical, aerospace and aviation, energy, power and electricity, metallurgy, environmental protection, home appliance, packaging, construction material, hardware, furniture, agri-forest, textile, electronics, plastic, ship building, motorcycle, bicycle, food, light industry, printing and so on.

Qualified buyers & visitors brought in onsite business talks & solid deals.

42,933 trade visitors from 81 countries and regions showed up onsite for opportunities, including an increase of 18% in international visitors.

Overseas buyer delegations from Turkey, India and Thailand were invited onsite visiting and set for B2B match-making meetings.

Over 70% attendees were decision-makers & jointly-decisive.

Above data from Final Show Report 2010.
Concurrent Events

- PTC ASIA New Technology Lecture
- Forum on Modern Mechanical Transmission Technologies and Products
- Seminar on Supply and Demand of China Agricultural Machinery Market
- Seminar on Hydraulic, Pneumatic, Sealing and Inspection Technology
- Working Conference on China Hydraulics, Pneumatics & Seals Industry
- Forum on Domestic Compressor R&D and Production Trends Analysis
- Vehicle Transmission System Innovation Forum
- Forum on the 20th PTC ASIA Anniversary
