PTC
ASIA

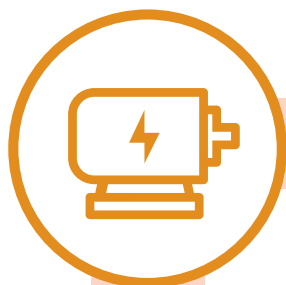

- **1991 The start of The journey** – As the predecessor of PTC ASIA, PTC China was held in Beijing for the first time at China World Trade Center.
- **1999 The turning Point** – PTC China moved to Shanghai with expanded exhibition grounds.
- **2002 Re-branded** – To enhance its global influence, PTC China formally renamed as PTC ASIA, and adjusted the frequency from a biennial show to an annual show.
- **2005 Grew with big leap** – The exhibitor number exceeded 1,000.
- **2018 A breakthrough** – Trade visitor number was pushed to 100,000.
- **2021 Stand firm at its thirties** – In 2021 PTC ASIA is going to celebrate its thirties birthday, the show organizers are going to invite the exhibitors to participate the celebrations and special events, and to witness the great achievements PTC ASIA has accomplished.

Show introduction

The show covers eleven themed pavilions namely, hydraulics, pneumatics, seals, gears, motors, chains, belts, springs, bearings, coupling & brakes and industrial sub-contracting. In the recent years, trade visitors from countries like Germany, Italy, Russia, Turkey, USA, Canada, Brazil, Japan, Korea, Indonesia, Malaysia, Singapore etc. Have brought dynamics to the show in sense of activating the international trading and information exchanging of the power transmission and motion control industry globally.

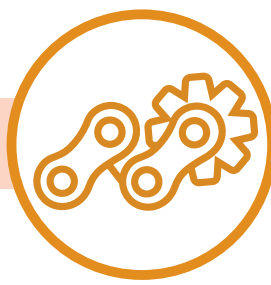

2 Product categories

Electric motors

- Industrial motors
- Servo motors
- Frequency converters
- Electric drives
- Electromagnetic equipment

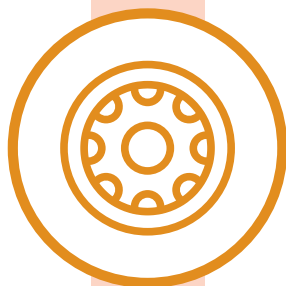

Mechanical power transmission, parts, equipment and industrial sub-contracting

- Gears
- Chains
- Belts
- Couplings & brakes
- Springs
- Powder metallurgy
- Testing equipment
- Material
- Processing
- Supporting equipment and parts
- Design engineering & manufacturing solution

Fluid power

- hydraulic pumps, motors, drive units and Accessories
- hydraulic valve and cylinders
- hydraulic assemblies and systems
- pneumatic valve and cylinders
- sensors and monitoring devices
- seals

Bearings and linear motion systems

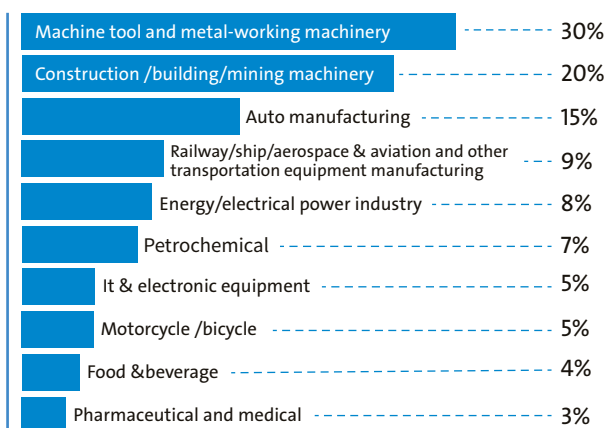

- Bearings and related components
- Bearing production and processing equipment
- Related accessories
- Linear motion systems

4 Show services

Online matchmaking

Online matchmaking is aiming to serve the overseas buyers during the pandemic new normality. It is going to expand the show period and it is estimated to establish hundreds of deals between exhibitors and the global buyers.

Online guided tour

In the pandemic new normality, online guided tour is designed for the overseas buyers who can not come to the show in person. The professional video teams are going to be deployed to the exhibition booths and live broadcasting to introduce the products and solutions in English. Thousands buyers from over forty countries will participate online guided tour through mass media channel.

Enjoy the meeting

Through thorough researches, the buyers' delegations and matchmaking programs will bring real buyers to the exhibitors. Those activities will help buyers easily and efficiently find their needs on the show. Over hundred companies and nearly ten thousand visitors are estimated to participate these activities.

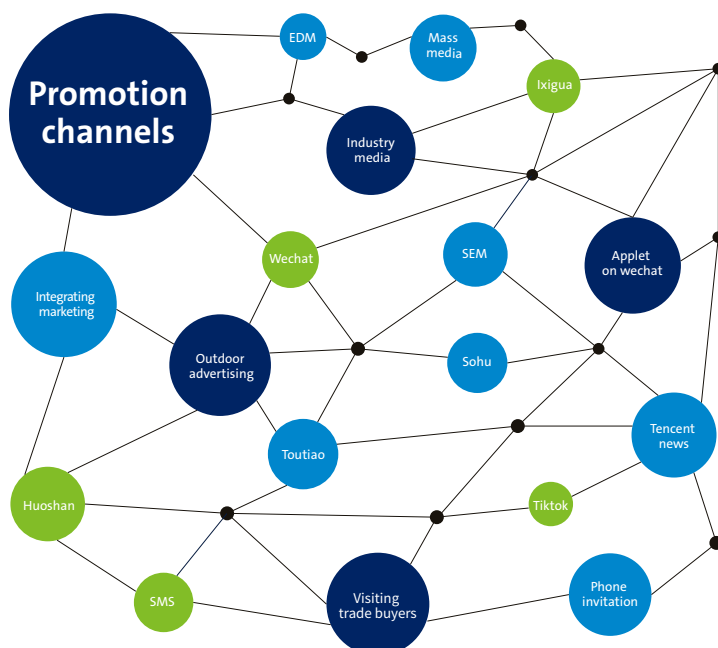

Special events for 30th anniversary

2021 is the thirtieth birthday of PTC ASIA. The support and accompanying of the exhibitors are the keys of PTC ASIA's success. To reward the loyal exhibitors, PTC ASIA 2021 will prepare free "lucky bags" for the exhibitors, additional opportunity for exposure, like articles and pictures, videos, PTC ASIA thirtieth anniversary memorial magazine, content of online broadcasting; online high team gathering content, speeches of concurrent forums, online overseas buyers' matchmaking program etc.

*The above-mentioned names are arranged randomly.

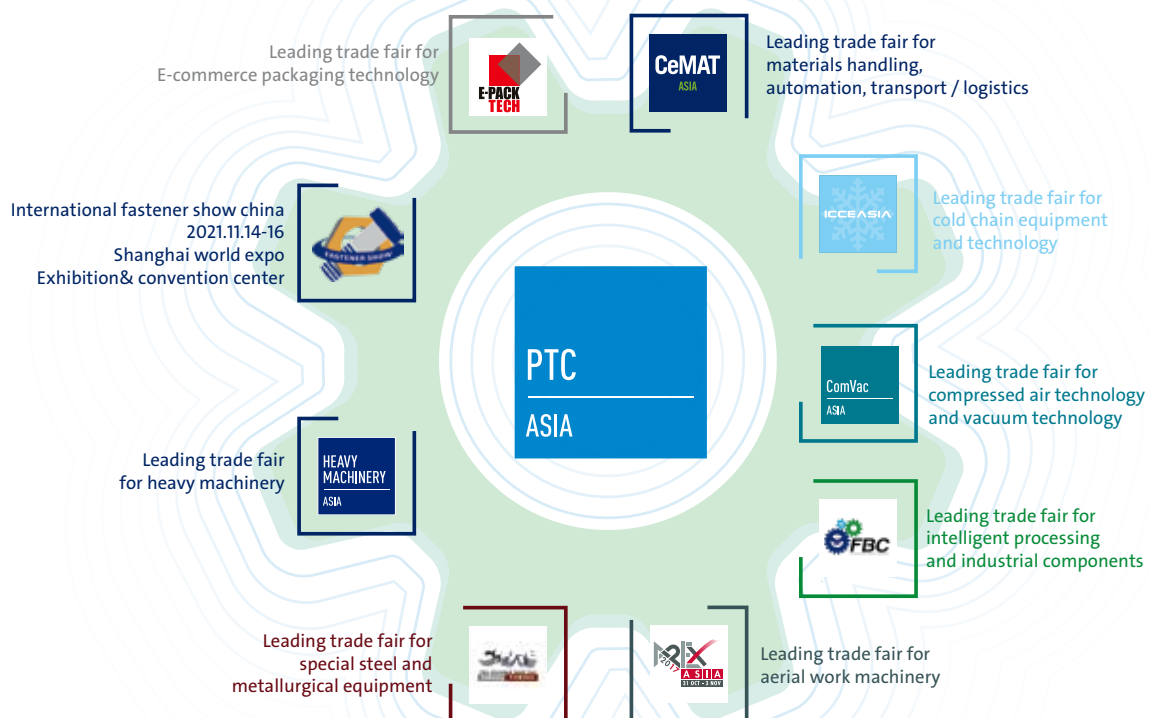

Show highlights

Concurrent events – nearly 20 high-quality conferences

- ⚙ Smart manufacturing forum powered by VDMA
- ⚙ Digital hydraulic technology and testing intelligent application summit forum
- ⚙ Gasgoo match-making event - specially for power transmission
- ⚙ 5G era transmission and control technology development summit forum
- ⚙ Unmanned vehicle and precision agriculture technology seminar
- ⚙ Automotive transmission and high efficiency transmission technology seminar
- ⚙ Industrial robot industry development and technology application summit
