PTC
ASIA

TIME-HONORED BRAND IS YOUR BEST CHOICE

Since it was first held in 1991, PTC ASIA has been deeply involved in the power transmission and control industry for more than 30 years. It has provided an excellent platform for brand display, trade cooperation and technical exchanges in the industry, and has deeply promoted the industry developing. The exhibits at PTC ASIA covers 11 categories such as hydraulics, pneumatics, seals, gears, motors, chains, belts, springs, bearings, couplings & brakes and industrial subcontracting, providing one stop procurement platform for core components for the landing of smart factories in future.

The Industrial Fair Network

Show introduction

REVITALIZE THE INDUSTRY FOR GREATER ACHIEVEMENTS

When covid policies are fading away, economic rejuvenation becomes the primary target in 2023. PTC ASIA, an international exchange platform at the doorstep, has been transforming itself and upgrading its services. Playing a critical role in bonding business partners together, which is also its mission in the course of economic recovery, it is well positioned to inject vitality into market and drive up consumption. Thousands of enthusiastic companies are eager to make their presence. Are you ready?

Product categories

Fluid power

- Hydraulic technology
- Pneumatic technology
- Sealing technology
- Sensor, testing equipment and software
- Fluid technology solutions

Mechanical power transmission, parts, equipment and industrial supply

- Gears
- Chains
- Belts
- Couplings & brakes
- Springs
- Powder metallurgy
- Testing equipment
- Material
- Processing
- Supporting equipment and parts
- Design engineering & manufacturing solution

Electric motors

- Industrial motors
- Servo motors
- Frequency converters
- Electric drives
- Electromagnetic equipment

Bearings and linear motion systems

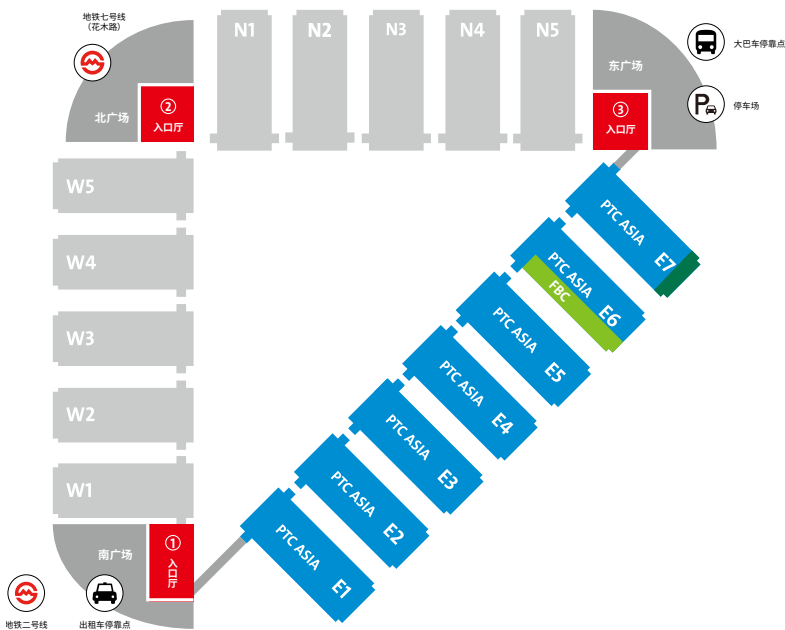

- Bearings and related components
- Bearing production and processing equipment
- Related accessories
- Linear motion systems
- Bearing solutions and intelligence

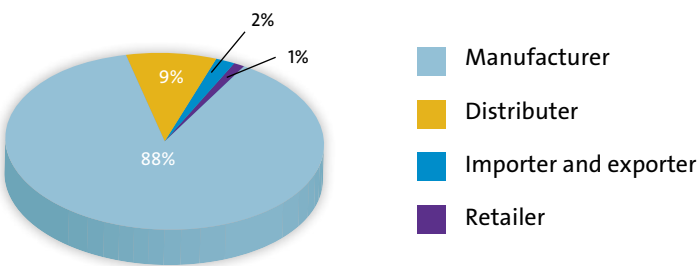

* Part of previous exhibitors, the logos are arranged randomly.

Online Matchmaking

Aiming at building a year-round match-making platform for exhibitors and overseas buyers and assisting domestic companies in securing more overseas orders, the organizer recently has engaged foreign buyers from the United States, Japan, South Korea, Russia, Poland, Finland, Turkey, Iran, Thailand, Vietnam and Pakistan, providing real information on procurement needs and potential orders.

Spark Creation Camp

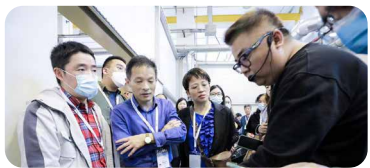

In search of hot topics in the industry, the organizer invites guests from B2B manufacturing industries, including power transmission, logistics equipment, robotics, construction machinery, machine tools and automobiles, for a relaxed and trans-boundary afternoon tea in which there will be a lot of sparks of wisdom.

Smart Factory Tour

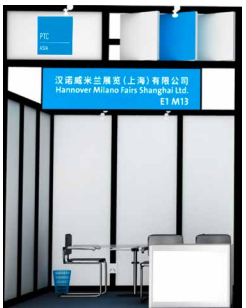

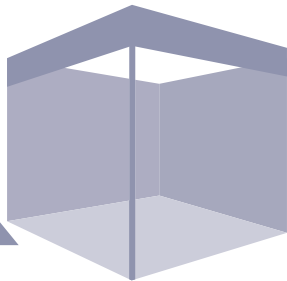

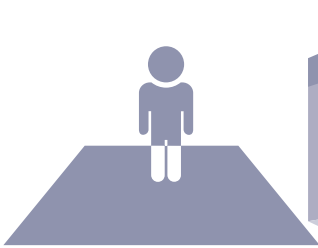

Concurrent activities

- Smart and Sustainable Solutions Forum Powered by VDMA
- PTC ASIA Fluid Power High-tech Zone & Seminar
- Intelligent Equipment Technology and Unmanned Farm Seminar
- Offshore Wind Power Industry Development Summit Forum
- Digital Transformation of Marketing in Industrial Manufacturing Enterprises Forum
- Hydrogen Energy Industry Development Forum in Smart Logistics Application Scenarios
- Innovative Application of Automation and Robotics Technology in the Field of New Energy
- Construction Machinery Industry Innovation and Development Conference from the Perspective of Double Carbon
- Summit Forum on Smart Logistics Robotic Quality and Innovative Application
- Electric Drive and Control Technology Theme Forum
- New Supply Chain Matchmaking Meeting for Intelligent Electric Vehicles

6 Participate now

- Raw space
- Standard shell scheme
- Shell scheme
- Upgrade shell scheme
- Deluxe shell scheme

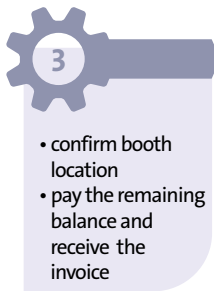

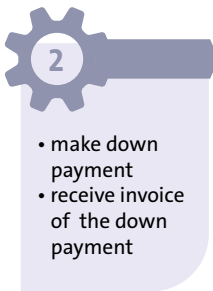

Pricing (Cny/per sqm)
